

# PRODUCT MANUAL

## 1. Product Information

- **Product Name:**All products
- **Model:** 2512010101
- **Batch/Serial Number:** 251201

## 2. MANUFACTURER & EU REPRESENTATIVE INFO

- **Manufacturer:** Dongguan youyuan technology co., ltd
- **Manufacturer Address:** No. 1307, No. 286 Changqing Road, Chang'an Town, Dongguan City, Guangdong Province, China (cluster registration)
- **Manufacturer Email:** youyuan06@aliyun.com
- **EU Authorized Representative:** ApexCESpecialistsGmbH
- **EU Representative Address:** DE-Grafenberger Allee 277-287, 40237 Düsseldorf, Nordrhein-westfalen, Germany
- **EU Representative Tel:** 49-21312066043
- **EU Representative E-mail:** [apexceu@outlook.com](mailto:apexceu@outlook.com)

## 3. Compliance Information

- **For Electrical or Electronic Products (if applicable):** Complies with EU CE marking requirements, including Low Voltage Directive (LVD) 2014/35/EU and Electromagnetic Compatibility (EMC) Directive 2014/30/EU. Meets relevant safety and EMC standards to ensure safe use in the EU market.
- **For Toys (if applicable):** Complies with Toy Safety Directive (2009/48/EC) and EN 71 series standards, including material safety, mechanical safety, and chemical substance limits, suitable for intended child users.
- **For Non-Electrical & Non-Toy Products (if applicable):** Complies with EU REACH Regulation (EC) No 1907/2006 for chemical safety, and corresponding product category standards (e.g., mechanical safety, hygiene standards).
- **General Compliance:** All materials and production processes meet the requirements of cross-border e-commerce platforms (e.g., Alibaba Express) for EU-bound products. Relevant compliance documents are available upon request.

## 4. Safety & Warnings

# Refer to Platform Rules [Alibaba Express Compliance Guidelines for Warning Information of Products Sold to the EU]

## Important Safety Information

Read all instructions before use. Failure to follow these instructions may result in product damage, personal injury, or property loss.

- **Warning:** Keep the product and its accessories out of reach of children under 3 years old. Products with small parts pose a suffocation risk—do not let children swallow any components.
- Keep away from children unless supervised by an adult. Minors must use the product under adult guidance.
- Do not use the product for purposes other than its intended use; improper use may cause safety hazards.
- Inspect the product and accessories before each use. Do not use if damaged, deformed, cracked, or with loose parts. Stop use immediately if abnormalities occur.
- Follow installation and operation guidelines strictly to avoid injury from improper handling.
- [For Electrical Products]: Do not expose to water or moisture; avoid humid environments (e.g., bathrooms) to prevent electric shock. Use only certified power adapters matching the product's voltage requirements.
- [For Sharp/Dangerous Products]: Handle with care to avoid cuts or punctures. Store in a secure place when not in use.
- [For Heat-Generating Products]: Keep away from flammable materials (e.g., paper, fabric) during use to prevent fire. Do not touch high-temperature parts to avoid burns.
- Do not disassemble, modify, or repair the product yourself. Unauthorized operations may cause damage or safety risks—contact professional after-sales personnel for maintenance.

## 5. Instructions for Use

1. **Before First Use:** Remove all protective films, packaging materials, and tags. Check that the product and accessories are intact. Read this manual carefully to understand functions and operation methods.
2. **Preparation (if applicable):**
  - Electrical Products: Confirm the power supply voltage matches the product's requirements. Connect the power adapter correctly as instructed.
  - Assembled Products: Follow the manual's installation steps to assemble, ensuring all components are securely fastened.

3. **Operation:**

- Electrical Products: Press and hold the power button for 3 seconds to turn on (if applicable). Short press to switch modes or adjust settings per the product design.
- Non-Electrical Products: Operate according to the intended use, following functional prompts or manual guidelines.
- During use, monitor the product's working status. If abnormal noise, overheating, or malfunctions occur, turn off the power (for electrical products) and stop use immediately.

4. **Cleaning & Maintenance:**

- Disconnect the power supply (for electrical products) before cleaning.
- Wipe the product surface with a soft, dry cloth. Avoid corrosive cleaners (e.g., bleach, strong acid) to prevent damage.
- Clean regularly based on usage frequency to maintain performance and hygiene.

5. **After Use:**

- Turn off the device and disconnect the power (for electrical products).
- Store in a dry, cool, well-ventilated place. Avoid direct sunlight, high temperatures, and humid environments.
- Neatly arrange power cords (for electrical products) to avoid tangling or damage. Store accessories with the product for easy future use.
